DO YOU REQUIRE A BUILDING PERMIT?

It is important that you contact the RM office to see if a Development permit application and/or Building permit is required for your project! Please allow sufficient time for your application and/or Building permits to be processed. It is the responsibility of the landowner/applicant to adhere to all Government department, Authority or Municipal bylaws.

BUILDING PERMITS

The RM has appointed Building Officials (PBI) Professional Building Inspections, Inc. to ensure compliance with the National Building Code of Canada, The Uniform Building and Accessibility Standards Act and the RM of Wallace No.243. All Building Permits require development permit approval before being issued.

Control Burn

All burns must be reported to **1-866-404-4911**. Have your land location & emergency contact number available. What is your land location? What is your RM number? Who is your fire service provider? What are you burning? How long will the burning last? Name, phone number & driving directions for the fire department.

Snow Removal

Snow must be pushed in, not on municipal property.

293 Exemptions
